

Action Plan

Revised: October 11, 2007

CEA # 6	Speeding & Aggressive Driving
Strategy # 5	Develop a Remedial Driver Education Course.
Sub-Strategy # 8	Draft legislation that defines a Remedial Driver Education Program, its curriculum, criteria, incentives, etc., and describes rules and regulations for governance.
Targets	DMV, AOT, GHSP, VCFJR, Remedial Driver Education Schools, and Legislature.
Description	Aggressive drivers and multi-crash and multi-traffic violation offenders continue to endanger the lives of innocent drivers, passenger and pedestrians on Vermont's highways. Currently, Vermont has no rehabilitation mechanism to address the problem driver. Developing a remedial driver education course will help to make Vermont's highways much safer. SS# 8 will draft legislation that addresses RDE programs in Vermont.
Actions	<p>Step 1: Research legislation in other states.</p> <p>Step 2: Interview a Remedial Driver Education company(ies) to discuss rules, regulations, and policies.</p> <p>Step 3: Work with officials at the Motor Vehicle Department to draft the appropriate language for legislation that addresses Remedial Driver Education.</p> <p>Step 4: Work with members of the legislative body, who are interested in highway safety, to support legislation for a remedial program.</p> <p>Step 5: Draft legislative documents.</p> <p>Step 6: Approval of Outreach and Training Function Group.</p> <p>Step 7: Approval of Core Group.</p>
Time Frame	February 1, 2008
Output	Legislation that creates law to implement a Remedial Driver Education Program.
Data Needed	Data from available sources on Remedial Driver Education programs.
Data Collection	DMV, VCFJR, Other States
Funding	Unknown
